TGS CEDAR PORT
OVERVIEW

TGS CEDAR PORT SUMMARY

Located adjacent to Baytown, TX (30 miles east of downtown Houston), TGS Cedar Port Industrial Park is the largest master-planned rail-and-barge-served industrial park in the U.S., offering rail-served, e-commerce, distribution, cold-storage, and manufacturing users unmatched resources for the future of industrial logistics and development. There is potential for tax abatements through Chambers County, City of Baytown, and State of Texas.

The park comprises approximately 15,000 acres with over 10,500 acres available for sale, lease, and build-to-suit development. Currently, Cedar Port has more than 30 million square feet of industrial and manufacturing warehouses that are either existing or under construction. Industry leaders such as Walmart, Home Depot, Floor & Décor, IKEA, Niagara Bottling, Webstaurant, Ravago, Vinmar, Plastic Express, Maersk, and NFI all have major distribution and fulfillment centers, taking advantage of the location and access to abundant, cost-effective labor.

- **LAND AVAILABLE FOR SALE / LEASE**
- **POTENTIAL TAX INCENTIVES AVAILABLE**
- **WAREHOUSE SPACE**
- **DUAL RAIL SERVICE (UNION PACIFIC, BNSF)**
- **RAIL YARD / RAILCAR STORAGE**
- **BARGE LOADING**
- **HEAVY HAUL CORRIDOR**
- **OUTSIDE STORAGE AVAILABLE**

CEDAR PORT™
INDUSTRIAL PARK
TGS

THE LARGEST MASTER-PLANNED RAIL-AND-BARGE-SERVED INDUSTRIAL PARK IN THE U.S.

SPANNING 15,000 ACRES

PARK FEATURES

TGS CEDAR PORT INDUSTRIAL PARK

- Located across the Houston Ship Channel from Bayport and Barbours Cut container terminals
- TxDOT-approved and heavy haul rated roads
- Two barge dock terminals
- Dual rail service (Union Pacific and BNSF)
- Potential tax incentives available
- Sizable labor force in the surrounding area
- Less than 1% of the park is located within the 100-year and 500-year floodplain
- Site elevations up to 32’ above sea level
- Excellent access to major thoroughfares

RAIL

- One of the largest intermodal transportation logistics facilities in the world
- More than 100 miles of dual-service operating rail track within the park
- Mainline rail service is provided by Union Pacific and BNSF Railway
- Storage capacity for 6,000 railcars and expanding to over 8,000
- UP and BNSF interchange yard with infrastructure adequate to interchange six (6) 135-car trains with TGS Cedar Port Railroad
- TGS manages all rail movement in the park 24/7/365
- TGS is a Class III shortline rail operator

BARGE

- Two barge dock terminals within the park with access to Barbours Cut Container Terminal and Bayport Container Terminal
- Existing barge dock along the Cedar Bayou on the western portion boundary of the park with a draft depth of 12’ and additional capacity
- Cedar Port Navigation and Improvement District (CPNID) has a public barge dock available to all qualified operators and stevedores
- Pipeline corridor and connections spanning across the Houston Ship Channel
- Container terminals are a short drive from the park
- Ability to handle overweight containers, breakbulk, project cargo, and asphalt
- Finger Lakes fleeting area with additional room for dock expansions
- Future development along the southern portion of Cedar Port includes a deepwater port to serve the park tenants, Houston market, and surrounding regions

ACCESS

- Access to the park includes the new master-planned highway, Cedar Port Parkway, S.H. 99 (Grand Parkway), and FM 1405
- Cedar Port Parkway is TxDOT-approved and heavy haul rated
- Heavy haul corridor within the park allows permitted vehicles to transport overweight commodities
- 7 miles south of I-10
- No stop lights from the park to both container terminal exits

TGS CEDAR PORT LOCATION

TGS Cedar Port Industrial Park, located in West Chambers County near Houston, Texas, is the largest master-planned, rail-and-barge-served industrial park in the U.S.

Situated across the Houston Ship Channel from Bayport and Barbours Cut Container Terminals, Cedar Port spans approximately 15,000 acres of land with more than 10,500 acres available for sale, lease, and build-to-suit development.

Sites are delivered “turn-key”—fully entitled with utilities, heavy power, drainage, and detention. The park is both barge-served and dual-served by the Union Pacific and BNSF railroads. Over 25% of Port Houston containers move through Cedar Port Industrial Park. TGS Cedar Port Partners, L.P. operates and oversees rail service within the park and can tailor operations to customer needs. The current storage capacity is 6,000 railcars with expansion to over 8,000 railcars. Cedar Port is approximately 25+ feet above sea level and includes heavy utilities and industrial and commercial transportation infrastructure.

With the newly constructed segment of State Highway 99/Grand Parkway, park customers can easily travel to and from the Port Houston container terminals with no stoplights.

Within the past 3 years, TGS Cedar Port Partners, L.P. has developed nearly 4 million SF of its own warehouses, including three newly completed spec distribution centers available for lease. The distribution centers range in size from 150,000 SF to 1.2 million SF.

These distribution centers feature highly desirable amenities:

- 40’ Clear height
- 8” Minimum slab
- Ring road around the entire building and truck court
- LED warehouse lighting
- ESFR sprinkler system
- Oversized truck courts
- Ample parking for cars
- Trailer storage
- Dual rail service

Additional land adjacent to the buildings has the ability to be fully fenced and utilized as an area for additional trailer parking, car parking, and outside storage.

Cedar Port creates a unique logistics opportunity for users to operate in a prime port location within one of the prominent industrial parks in America.
